Iridium Service Plans—new rates June 2013

Post-Paid—This account is where you pay for your calls at the end of the billing period and receive a written record of all of your calls. The basic cost is \$49.95 monthly or add \$5 for Basic+10 giving you 10 free minutes per month (no rollover). This plan is recommended when you need a record of calls or need an account and do not plan on making a lot of calls. This may be for reimbursement or for rebilling of others who use your phone. If you are going to re-bill someone else for service, a call record is the best way to settle an account. Bundle plans have 30, 100 and 240 minutes available. There is no service term on the postpaid, however a 30 day cancel notice is required in writing.
